

Alex Mercer

Lead Data Scientist & AI Researcher

Email: alex.mercer@example.com | Phone: +1-555-0192

PROFESSIONAL SUMMARY

Data Scientist with 7+ years of experience engineering end-to-end Machine Learning pipelines, Deep Learning

TECHNICAL SKILLS

- ML/AI: PyTorch, TensorFlow, Scikit-Learn, Keras, XGBoost, NLP, Computer Vision, Transformers
- Programming: Python, R, SQL, C++
- Data Engineering: Pandas, NumPy, Spark, Airflow, SQL Server, PostgreSQL
- MLOps: MLflow, Docker, Git, DVC

WORK EXPERIENCE

Senior Machine Learning Engineer | AI Labs Inc (2021 - Present)

- Trained BERT transformer models for sentiment analysis achieving 94.2% F1-score.
- Developed scikit-learn classification models to automate resume parsing and talent classification.
- Reduced model inference latency by 45% using PyTorch JIT compilation.

Data Scientist | Analytics Corp (2018 - 2021)

- Engineered predictive churn models using XGBoost and Pandas handling 5M daily records.
- Built interactive dashboard features for executive reporting using Python and SQL.
